

A group of five friends are gathered on a rooftop terrace at dusk. They are leaning over a metal railing, holding glasses of wine, and looking out over a city skyline. The scene is illuminated by warm, golden string lights hanging from the terrace. The background shows a cityscape with lights reflecting on the water, creating a bokeh effect.

*There's a story behind every
insurance policy.*

Navigating our way through life, we naturally gravitate in different directions. Over the years, our experiences shape our values, our ambitions and our decisions.

Our decisions outline the paths that we go down and guide our own story. The key to getting the right insurance for high-value assets is to understand the person behind the policy.

Aspect believes in getting to know your story to find cover that truly works for you. We'll work with you to design bespoke protection, leaving you empowered to move forward in your own journey with the right protection in place.

High-performance & prestige vehicles

Specialist insurance is a requisite for high-performance and prestige motor owners since they have higher or non-standard cover requirements.

Cars of this calibre need unique protection.

Therefore, we only work with insurers who specialise in prestige vehicles. We arrange all motor policies on an individual basis to ensure fair cover which suits your lifestyle, with agreed value, worldwide cover and driving extensions all available.

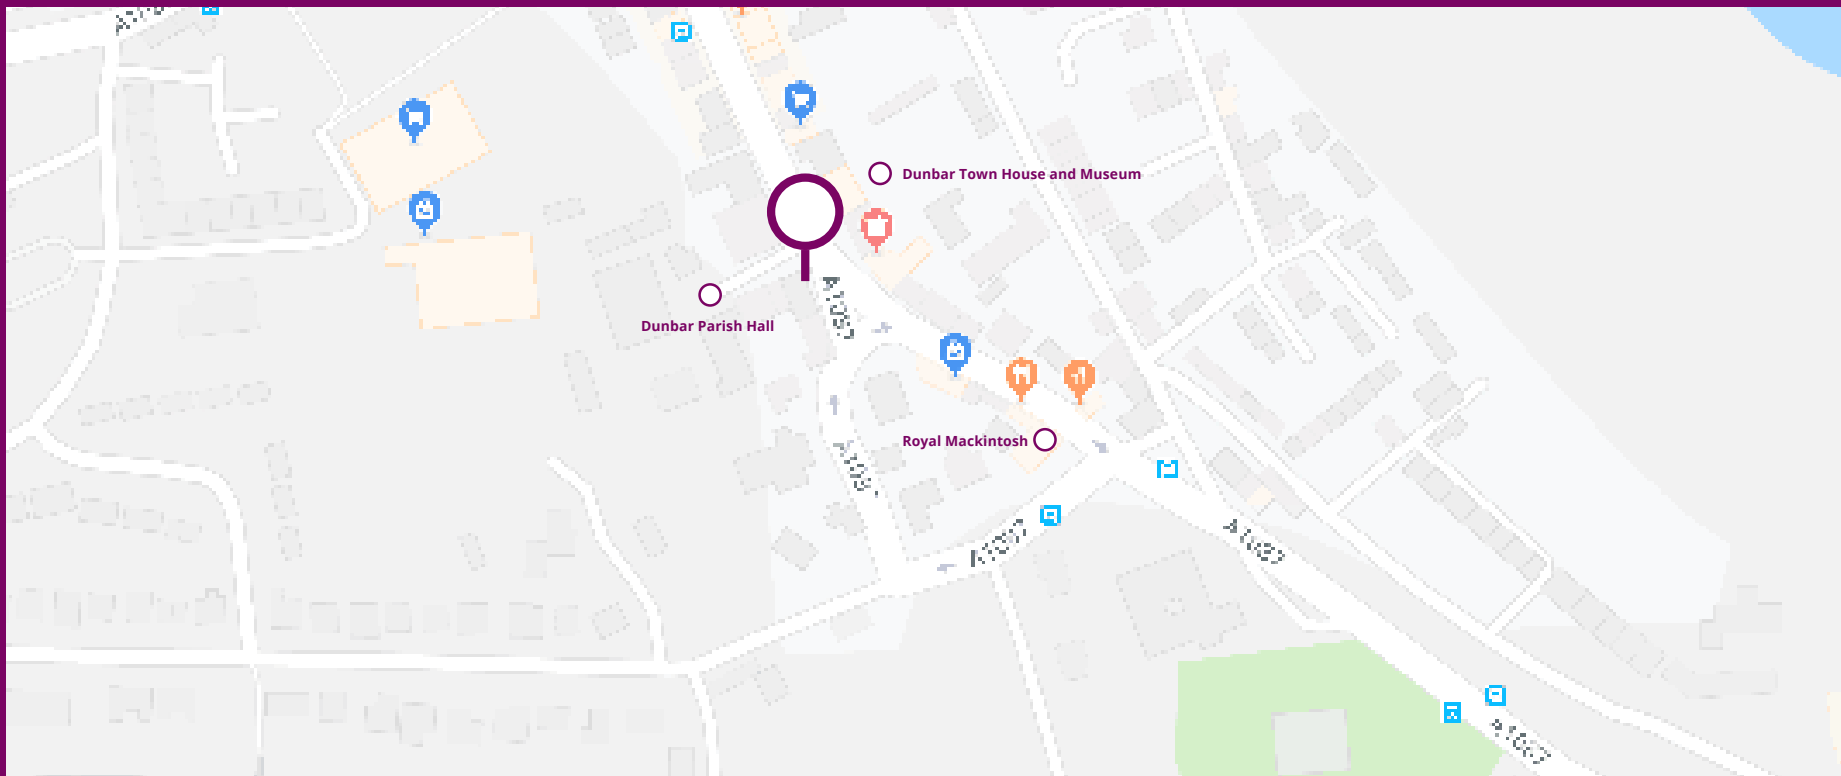

High-value household

A home is more than just bricks and mortar, it's your sanctuary; your safe place.

Every homeowner deserves the peace of mind that, should something happen, you have the right level of cover in place.

At Aspect, we strive to ensure that your home and contents get the protection they need, accounting for valuable assets such as fine art, antiques, and jewellery. With us, you can expect a fastidious and discreet service, with guidance from a dedicated account manager.
